MConnect

Smart Boating, Personalized.

MConnect

BOAT HEALTH MONITORING WITH PERSONALIZED GRAPHICS

MConnect is a cutting-edge, NMEA 2000® certified, web server and screen editor. Engineered to improve your boating experience, MConnect connects to hundreds of data points on your boat and presents stunning graphics on your multi-function display.

Onboard and offboard, MConnect is accessible from multiple devices so your boat's health is always in view.

- Full integration with digital switching systems such as Octoplex® and MPower®.
- Compatible with Garmin OneHelm, Raymarine LH 4, Furuno NavNet, Simrad / B&G, Q-Experience and any device running a browser.
- Directly connects to two NMEA 2000® buses, and receives data from both independently.
- Hundreds of data points are brought together on one screen giving you an instant visual checkup of your boat's health.

MAKE IT YOURS

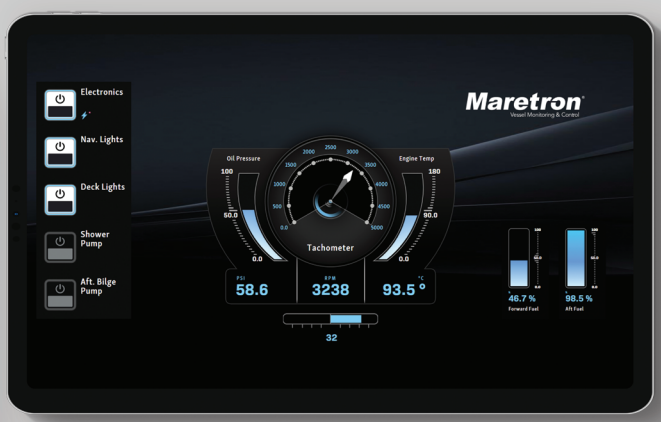

MConnect Editor is a powerful design and configuration tool that enables extensive customization of screen graphics.

Design Your Way: Simple or Pro.
An intuitive interface makes it easy for both industry experts and beginners to design screens. Endless customization options allow you to truly personalize your setup.

SELECT FROM OUR SCREEN LIBRARY

Choose from 87 pre-built components to stylishly display vessel data.

PERSONALIZE DEFAULT COMPONENTS

Modify the colors, size and position of components to suit your personal taste.

DESIGN YOUR OWN CUSTOM SCREENS

Design every inch of your screen from scratch for a fully bespoke setup.

AUTOMATION MODES

Configure modes for boat automation that activate with the touch of a button.
